Market Release Notice

1 January 2020

End-of-sale announcement - Security Commander for new sites

We would like to announce the end-of-sale of a number of Security Commander software editions.

Product parts affected by this announcement are:

- TS97101L - Security Commander Lite edition

- TS97101S - Security Commander Standard edition

- TS97101P - Security Commander Professional edition

As technology shifts and customer needs change, we strongly encourage all Security Commander customers to consider a migration path to TecomC4 management software.

Important milestone dates for Security Commander:

End-of-sale for base and professional license: 31 March 2020

End-of-sale for all other license options: 31 December 2020

End-of-life for all Security Commander SKUs: 31 December 2021

Definitions

End-of-Sales Date: The first day the product is no longer available to order

End-of-Life Date: The first day the product is no longer supported by Aritech

Following the end-of-life announcement, technical support and engineering will no longer be supporting this product. We strongly encourage you to upgrade to TecomC4 prior to this date to ensure the full support through the migration period. We will communicate these dates to you again as a reminder.
